RED LAKE TRIVIA

- **1925, July 25** – The Howey Brothers strike gold, forever changing the future of Red Lake.
- **By 1930**, mining was in full swing - and even today, exploration continues to reveal new opportunities.
- **1936** – Believe it or not, Howey Bay was once the *busiest airport in the world!*
- Drive as far north as Ontario's Provincial Highway System will take you, and you'll arrive at the **ferry dock in Cochenour**.
- Red Lake held the title of **Norseman Floatplane Capital of the World**, a nod to its aviation legacy.
